# Rahma Elsayed

Ambassador at International Astronomy and Astrophysics  
Competition  
Cairo

## Experience

### International Astronomy and Astrophysics Competition

Ambassador

March 2021 - Present (8 months)

Egypt

The International Astronomy and Astrophysics Competition is a science competition that enables students from all countries to improve their skills and to unleash their creativity in the fields of astronomy and astrophysics.

### Kafr Elsheikh STEM Astronomy Club - KEPLER

President

January 2021 - Present (10 months)

Egypt

Many people have interests in astronomy and have the desire and intelligence for that. However, they face difficulties in developing these interests. They need to be directed to the right path and this is our role. We are a group of students from STEM KFS interested in astronomy and want to benefit people through posts, sessions, and events that we hold.

### Leaders Of Tomorrow Digital Exchange Program

Alumni

July 2021 - September 2021 (3 months)

Leaders Of Tomorrow (LOT), is an online exchange program for international youth between 14-19. Its mission is to spread peace, love, better understanding among people and to raise awareness about the importance of strengthening the bonds between all, and that our differences are what makes us special and increase our value.

### TEDx Youth Luxor STEM

Vice Head of Fundraising

May 2021 - July 2021 (3 months)

Egypt

TEDx, x = independently organized event. In the spirit of ideas worth spreading, TEDx is a program of local, self-organized events that bring people together to share a TED-like experience.

### STEM BS Model United Nations

Delegate of North Korea

May 2021 - June 2021 (2 months)

Egypt

MUN is the opportunity for all students to express their thoughts and beliefs. They can also learn how to discover their visions through constructive discussions and use this for serving a bigger purpose of making the world a better place.

### AIESEC in Egypt

OGV Member

February 2021 - June 2021 (5 months)

Egypt

AIESEC is a global platform for young people to develop their leadership potential through international internships and volunteer opportunities

### World Learning

The Experiment Digital: STEAM Discovery Lab

March 2021 - May 2021 (3 months)

The Experiment Digital STEAM Discovery Lab will bring together American and Egyptian youth to explore youth leadership and STEAM (science, technology, engineering, arts, and math). Participants in The Experiment Digital STEAM Discovery Lab will formulate and implement STEAM-based service projects in their local communities

### The New York Academy of Sciences

Member

September 2020 - May 2021 (9 months)

New York, United States

The Junior Academy introduces exceptional students to an online community of global problem solvers where they develop research skills and collaborate with peers to tackle real-world issues. Students also have the opportunity to work with STEM professionals who can provide individualized guidance throughout the innovation challenge.

## Education

Kafr El-sheikh STEM High School

High School Senior , . (September 2019 - 2022)
